<u>First Reading of Ordinance 741, rezoning real property located north of Greenview Drive and East of Cedar-Johnson Road from Agriculture A-1 District to Residence R-1, R-2, and R-3, and Business B-1 Districts./Move to action Motion by Miller, second by Pierce, to approve first reading of Ordinance 741. AYES: Miller, Pierce, Ellyson and Stevenson. Motion carried.</u>

#### City Attorney Kevin Olson – Draft Cedars Edge Golf Course Development Agreements

Attorney Olson explained the terms of the two possible agreements designed to assist the developer of Cedars Edge Golf Course. The first agreement called for the city to construct street improvements for Johnson-Cedar County Road with the developer to pay the city 20% of the cost and the balance to be forgiven over a twenty year period. Terms included the developer paying for all water and sewer improvements, keeping the course open and maintaining it for twenty years, allowing the high school golf team to use it for twenty years, and constructing a new club house within five years. Estimated cost for this proposal was \$280,000. The second proposal was the same except the developer would not pay the city anything and the estimated cost to the city was \$350,000. There was much discussion on how the city could assist the developer in terms of amount of forgiveness, length of commitment to keep the course open and what alternatives may exist to these proposals. No action was taken.

Resolution 1488, approving a General Agreement between the United States Department of the Interior National Park Service and the City of West Branch, Iowa regarding Law Enforcement Assistance./Move to action. Park Superintendent Pete Swisher explained the National Park Service is trying to get all its agreements in sync with each other and there were some technical changes in language.

Motion by Ellyson, second by Pierce, to approve Resolution 1488. AYES: Ellyson, Pierce, Stevenson and Miller. Motion carried.

Resolution 1505, fix a date of meeting for a public hearing on amending the current budget for the fiscal year ending June 30, 2017./Move to action.

City Administrator Matt Muckler explained this resolution would set a date of August 15 for a hearing to amend the FY17 budget. The budget amendment would authorize expenditure of the \$1.4 million GO bond proceeds issued in June of last fiscal year. It would also authorize \$500,000 for CIP projects that was authorized but not spent in last fiscal year because the work was not completed. It would also authorize the Revolving Loan fund to be used to pay for the Main Street Sidewalk Improvements Project – Phase 3, approximately \$100,000. The final \$100,000 will be used to make a payment on the Park land acquisition note. That payment had been budgeted for FY16 but was deferred to FY17 so that an analysis of the cities debt service ability could be completed.

Motion by Stevenson, second by Ellyson, to approve Resolution 1505. AYES: Stevenson, Ellyson, Miller and Pierce. Motion carried.

Resolution 1506, approving a 28E Agreement with the West Branch Community School District for shared maintenance of tract 1 of the pedestrian bridge and trail, generally located south of Main Street between the driveway of 827 W. Main Street and West Branch High School./Move to action.

There was no discussion.

Motion by Ellyson, second by Miller, to approve Resolution 1506. AYES: Ellyson, Miller, Pierce and Stevenson. Motion carried.

Resolution 1507, approving a Memorandum of Understanding between the National Park Service – Herbert Hoover National Historic Site, the City of West Branch, Iowa and the West Branch, Iowa Community School District for shared maintenance of tracts 2 and 3 of the pedestrian bridge and trail, generally located south of Main Street between West Branch Ford and the driveway of 827 W. Main Street./Move to action.

City Administrator Matt Muckler thanked the National Park Service for building the new bridge and said that fulfilled their part of the agreement. The other terms were that the City of West Branch would be responsible for mowing the area and the West Branch School District would be responsible for snow removal.

Motion by Miller, second by Ellyson, to approve Resolution 1507. AYES: Miller, Ellyson, Stevenson and Pierce. Motion carried.

Resolution 1508, approving Partial Pay Estimate No. 2 (final) in the amount of \$3,897.95 to All American Concrete, Inc. of West Liberty, IA and accepting the Main Street Sidewalk – Phase 3 Project as substantially completed./Move to action.

Eric Gould, Project Engineer for Veenstra & Kimm, explained that this is for releasing the retainage and officially accepting the project.

Motion by Pierce, second by Stevenson, to approve Resolution 1508. AYES: Pierce, Stevenson, Miller and Ellyson. Motion carried.

Resolution 1509, approving Change Order No. 2 in the amount of \$49,247.50 on the 4th Street Reconstruction Project./Move to action.

Eric Gould explained this would replace a water main on Northridge Drive and would be located on city right of way. Motion by Stevenson, second by Ellyson, to approve Resolution 1509. AYES: Stevenson, Ellyson, Miller and Pierce. Motion carried.

#### COMMENTS FROM MAYOR AND COUNCIL MEMBERS

<u>Mayor Laughlin</u> reported that he had attended a public meeting in Coralville last week with Iowa Department of Transportation regarding widening I80 from Iowa City to West Branch to three lanes. This is scheduled for 2021. He said he had suggested putting in a "quiet highway", one covered with asphalt.

Mayor Pro Tem Colton Miller stated he was extremely disappointed with Casey's General Store. "We allowed you to open early and here we sit on August 1st and the project is still not finished." In the future, if we allow someone to open early, the contract should call for a daily fine if the deadline is not met.

Dear Resident,

HBK staff want to thank you for your input at the June 13th meeting. We presented your concerns and ideas to City Council at the July 18<sup>th</sup> meeting. There was positive feedback and appreciation for time spent voicing your experiences with past flooding issues, concerns about future development, and understanding how this project will address streambank erosion.

After working closely with City staff and the City attorney there are concerns that if land was deeded over to you this would place your property in the floodplain, requiring you to obtain flood insurance to satisfy mortgage requirements and increase your insurance rates. Additionally, structures located on City property are subject to liability insurance and could raise concerns or disputes regarding land ownership. At this time, thoughts are to require all structures located on City property to be moved back within your property.

The City recognizes that residents want clarity as to where City property is located and who will be in charge of maintaining that area. In order to address this they will delineate their property line along the east side of the creek and permanently demarcate where City maintenance begins.

This is an ongoing process and we would like to offer an opportunity to discuss these items with you. We have scheduled another neighborhood meeting for Thursday, September 22<sup>nd</sup> from 6-7pm at the Lions Field Pavilion. If you have any questions please call me at (319) 338-7557 extension 4434 or email me at <u>voraiz@hbkengineering.com</u>.

Sincerely,

Vanessa Fixmer-Oraiz Community Planner

#### REIMBURSEMENT AGREEMENT

THIS REIMBURSEMENT AGREEMENT (the "Agreement") entered into by and between the **City of West Branch, Iowa,** 110 N. Poplar Street, West Branch, Iowa 52358, hereafter referred to as "City"; and **Cedars Edge Golf Course, Inc.**, an Iowa corporation, 19 Greenview Drive, West Branch, Iowa, hereafter referred to as "Developer."

WHEREAS, Developer is the leaseholder with an option to purchase certain real property legally described as follows:

INSERT LEGAL DESCRIPTION (the "Property"); and

WHEREAS, Developer intends to operate a golf course; full service clubhouse and construct residential units on the Property (the "Project"); and

WHEREAS, the Property is located adjacent to Cedar-Johnson Road, which will need to be upgraded in the future to support the Developer's long term Project; and

WHEREAS, the development will assist the City Council in attaining one of their City Council Goals adopted at their September 21, 2015 Council Goal Setting Session: "Preserve the Golf Course"; and

WHEREAS, this Council Goal ranked 9<sup>th</sup> out of 13 goals adopted by the City Council during that Council Goal Setting Session for the coming year; and

WHEREAS, the City Council has determined that it would not be possible for the Developer to maintain the golf course as part of the future development were it not for financial incentives provided by the City; and

WHEREAS, the City Council is committed to the growth of the City of West Branch and believes that the community needs to provide amenities to perspective home buyers that will entice them to choose West Branch over other communities; and

WHEREAS, the City has agreed therefore to excuse the owner from the street, curb and gutter and sidewalk requirements contained in Section 170.16 of the Code of Ordinances of the City of West Branch, Iowa on a portion of Cedar Johnson Road, north of Greenview Drive (the "Improvements"); and

WHEREAS; the City has agreed to reconstruct a portion of the street (PCC), curb and gutter and sidewalk as part of the Improvements on the portion of Cedar Johnson Road estimated at \$550,000 at some time in the future at the sole determination of the City Council; and

WHEREAS, the Developer has agreed that the City is under no obligation to construct the improvements by any certain date, but only at a time to be determined by the City Council; and

WHEREAS, the Developer agrees that until the City Council chooses to construct the improvements, that Cedar Johnson Road will remain a seal coat street; and

WHEREAS, in addition to excusing the Developer from a portion of the \$550,000 burden of constructing a street, curb and gutter and sidewalk on Cedar Johnson Road north of Greenview Drive, the City Council also wishes to incentivize the construction of a banquet facility on the Property; and

WHEREAS, the Developer has proposed to construct a clubhouse on the property that would include a banquet facility that would contain at least 4,000 square feet of space (the "Facility"); and

WHEREAS, the Developer has proposed to make the Facility available to the public at market rate prices that would not require private memberships to the golf course or any other private group; and

WHEREAS, the construction of the Facility would allow the City Council to focus future funds in the West Branch Community Center Project on a building with recreational amenities, but not with a previously envisioned banquet space that would be redundant in the case that the Developer constructs the Facility on the Property; and

WHEREAS, in addition to the \$440,000 benefit to the Developer by excusing the owner from the Improvements, the City Council is therefore also willing to provide tax increment financing incentives on the Facility, and

WHEREAS, the Developer agrees that these incentives are not without condition; and

WHEREAS, the Developer agrees that those conditions include maintaining a 9-hole golf course and associated facilities open to the public in a clean and safe condition which is similar to other golf courses in the area for a period of twenty years, annexing the entire golf course into the City within one year, making the golf course available to the West Branch Community School District for their golf teams at no cost for a period of ten years, and constructing a banquet facility that would contain at least 4,000 square feet and be open to the public within five years from the date of this Agreement; and

WHEREAS, in the event that any of the above-mentioned conditions are not met, the City would no longer bear any responsibility to provide the tax incentives.

NOW, THEREFORE, ON THE BASIS OF THE PRECEDING RECITALS, AND FOR THE MUTUAL CONSIDERATION OF ENTERING INTO THIS AGREEMENT, THE DEVELOPER AND CITY AGREE AS FOLLOWS:

### A. City's obligations.

- 1. In recognition of the Developer's efforts to purchase and refurbish the Cedar's Edge Golf Club, which is an important amenity for the City, the City has agreed to assist developing the Developer's Project by constructing the Improvements at a time to be determined by the City.
- 2. To construct the Improvements, the City shall engage the services of a professional licensed engineer to design the Improvements, which shall be limited to PCC street surfacing improvement, storm sewer improvements, installation of curb and gutter and a sidewalk. The term "Improvements" shall not include sanitary sewers or water mains or any services for said sanitary sewer and water lines.
- 3. The City shall, during construction of the Facility, add the Facility to its Urban Renewal Plan as an economic development project.
- 4. Subject to the performance of the Developer's obligations in Paragraph (B) below, the City Council, subject to the annual appropriation of the City Council, shall make ten annual tax rebate payments to the Developer upon completion of the Facility (the "Rebates").

The amount of the annual Rebate shall be calculated by taking the incremental tax revenues generated for the Facility, as determined by the Cedar County Auditor, and multiplying that number by the percentage listed on Exhibit "A attached hereto. This Rebate payment shall be due and payable, upon proof of continuing compliance with the Developer's obligations, on the first of December 1<sup>st</sup> after the Facility has received its occupancy permit from the City, and continuing each December 1<sup>st</sup> thereafter for a period of ten (10) years. In the case that the City Council does not appropriate a Rebate payment in any year of this Agreement, the Developer acknowledges that it has no recourse against the City for the same.

- 5. The rebate shall not constitute general obligations of the City, but shall be paid solely from the incremental property taxes received by the City form the Cedar County Treasurer that are attributable to the Facility and only to the Facility. Each rebate shall be subject to annual appropriation of the City Council. Prior to December 1<sup>st</sup> of each year, the City Council shall make a decision on whether to appropriate the Rebate contemplated by this Agreement. In the event that the City Council does not make an appropriation for any year of this Agreement, the City shall notify the Developer of the same.
- 6. The parties to this Agreement hereby expressly agree that the total cumulative Rebate payments made under this Agreement shall not exceed \$50,000. If the Developer receives cumulative Rebate payments from the City that equal \$50,000 prior to the end of ten (10) years, the Agreement to pay additional Rebates to the Developer shall cease.

### B. <u>Developer's Obligations.</u>

- 1. After acceptance of the Improvements by the City Council, the Developer shall pay to the City, the sum of 20% of the costs of the Improvements, which includes actual construction costs and engineering costs associated with the Project. Said payment shall be made within thirty (30) days after invoice of the City.
- 2. The Developer shall submit an application for annexation of that portion of the Property that is not already included with the corporate limits of the City within one (1) year of the date of this Agreement.
- 3. The Developer shall maintain, for a term of twenty (20) years, the Cedar's Edge Golf Club and associated facilities in a clean and safe condition similar to other golf courses in the area and make those facilities open to the public
- 4. The Developer shall allow the West Branch Community School District to use the Cedar's Edge Golf Club for the District's golf teams, at no cost to the District, including

practices and meets, for as long as the West Branch Community School District continues to sponsor golf as a sport at the school.

- 4. The Developer shall construct the Facility, within five (5) years from the date of this Agreement and said Facility should have a taxable value of at least \$1,000,000.00.
- 5. That the Developer approves the platting of the Property within one (1) year of the date of execution of this Agreement, said platting to include a separate distinct lot for the Facility.
- 6. The Developer expressly agrees that a breach of any of the obligations set out in this Paragraph (B) are not met in the sole judgment of the City that, upon 10 days written notice to the Developer, the City may terminate this Agreement and any obligations of the City shall become null and void.
- 7. The Developer expressly agrees to execute the Promissory Note for the entire cost of the Improvements, which a percentage will be forgiven for each year the Developer is in compliance with Section (B)(3) above. In addition, upon the payment of the monies outlined in (B)(1) above, that amount will be immediately forgiven.

## C. Administrative Provisions.

- 2. This Agreement represents the entire agreement between the parties and may not be amended or assigned without the express permission of the other party. However, by execution of this Agreement, the City hereby authorizes the Developer to assign the rights and obligations of this Agreement to a related entity controlled by the Developer.
